

FOURTH GRADE NEWS

November 2023

REMINDERS

Please make sure your student is showing up each day in proper uniform.

Make sure your students are still working on their reading challenges. Every 5 books is an entry to win!

A NOTE FROM 4TH GRADE

Here in 4th grade we really can't believe it is November already. We are looking forward to these fall weather months. That being said, don't forget to make sure your student comes to school with appropriate layers for outdoor recess.

WHAT ARE WE LEARNING?

MATH: We are still using multiplication every day in our math lessons. Learning about arrays and partial products are going to be new strategies for multiplication.

WRITING: We are continuing to work on our writing skills. Making sure we have tip top handwriting and punctuation.

READING: Focusing on reading stories in our textbooks and understanding the main ideas and an expository text.

SCIENCE: Making discoveries about energy and speed. We are finding ways that they go hand in hand.

SOCIAL STUDIES: We are now in Unit 3 of our textbooks and are focusing heavily on government. Talking about all 3 branches.

IMPORTANT DATES

- Science Experiment – 11/8
- Guest Reader – 11/10
- Half Day – 11/17
- Fall Break – 11/20 – 11/24
