

Kindergarten's Ocean

November

Math and Science

In Math, students have been focusing on numbers 11-20 and how these numbers are made up of tens and ones. Students are also comparing shapes by how many sides and vertices the shape has.

In Science, students have made plant books on their iPads and are documenting the growth of their own plant in the classroom. They are also creating plant projects that display each part of the plant. Students will also be

documenting fall weather in their weather data folders.

Reading and Social Studies

In Reading, students are improving their reading skills during reading groups and their independent reading time. Students are progressing in their alphabet knowledge and sight word identification. Students have their own book boxes where they keep books they have chosen from the library for the week to read.

In Social Studies, its all about maps. Students are learning to read map symbols and will be creating their own maps.

Upcoming Dates to Remember:

November 14th :

Brain Balance Meeting @ High School 6pm- 7pm
worth 1 volunteer hour

November 17th:

½ day of school

November 28th:

Progress Reports Go Home

November 20th- 24th

NO SCHOOL

Fall Break

Fall break will be here in just a few short weeks. As you are enjoying your time with family, please remember to include a time to read together! Students will bring home a couple Kindergarten level books with them in their homework folders over the break.
