

FOURTH GRADE NEWS

February 2024

A NOTE FROM 4TH GRADE

We are getting closer and closer to the end of the year and that means preparing our students for MAP testing is slowly starting. Students will be bringing home coach books that help them practice for the MAP test. The problems they are asked to do will be part of their homework assignments. Please make sure students are treating these books respectfully and always bringing them back. Allen Village hopes this will be a valuable resource for our students learning.

WHAT ARE WE LEARNING?

MATH: We are still using multiplication every day in math. Now we are using it to create equivalent fractions. We will be moving into addition and subtraction with fractions.

WRITING: We are continuing to work on our writing skills. Students are using conjunctions and practicing opinion writing.

READING: In reading we are exposing students more and more to nonfiction stories. Focusing a lot this quarter on historical nonfiction.

SCIENCE: We are still focused on learning about sound waves and water waves. Using different experiments to explore these new topics.

SOCIAL STUDIES: This quarter we are continuing to explore different regions of the United States. We are also prepping for our field trip.

IMPORTANT DATES

- MAP Calendar Instruction Starts – 2/1
- After School Tutoring Starts – 2/6
- No School – 2/19
- Guest Reader – 2/29
